We, in Holy Rosary, Mountbellew are a Voluntary Catholic Co-Educational Secondary School where Students, Staff, Management, Parents and the local Community, together aim to provide a Holistic Education, in a safe and caring environment, where the dignity and uniqueness of every individual is valued and respected. EDUCATIONAL PHILOSOPHY

HRC is a Christian Catholic community of parents, pupils, teachers, and management.

Education in today's world is challenging and demanding. It requires dedication and commitment from all parties involved. It requires a willingness to be open to change, not simply for the sake of change but rather to meet the changing needs of our times. This demands that we, the formal educators continually assess the society and environment in which our children and we live. It demands that we be aware of the various pressures that aim to determine our school curriculum. Our response must be creative and relevant to the needs of our time.

Unless expressly stated to the contrary, where the Principal gives a direction or signs her name to any such direction, policy or other document or gives any verbal or other instruction concerning school business, it is to be taken that she does so in her capacity as Principal and as such is acting on behalf of the school Board of Management and with their full authority. Further more where the situation requires the Principal retains the discretion to digress from this policy but only if that situation in the view of the principal requires it, as in issues not provided for pertaining to Health and safety of the school community as a whole. Preservation of life and health of individuals takes precedence over all else.

The parents of the students have established a Parents' Association, which endeavours to promote the interests of the students of the school in co-operation with the Principal. Each year the students nominate members to a Student Council, which also endeavours to promote the interest of the school.

Teaching Resources and Curriculum:

The number of teachers in the school is determined by the overall staff allocation from the **DES (Appendix 2 contains a complete Staff Listing)** and the guidelines set down by the Education Legislation incorporating the Health and Safety Legislation provisions.

The number of students in the school is determined by the guidelines set out in the Admissions Procedures,

The following programmes are available:

- Junior Certificate
- Transition Year
- Leaving Certificate
- Leaving Certificate Vocational Programme

Special Needs Students are catered for with Resource teaching hours throughout the school where possible.

Access to programmes may depend on a variety of factors including e.g. resources available from the DES, limits on class and programme sizes, availability of places, suitability for each programme and basic entry requirements.

Medical

Medical assistance is available on the school premises via the school nurse and several of the staff are trained first-aiders. **All medical conditions/allergies or non-intellectual disabilities**, of which parents are aware, **must** be disclosed on application for admission or not later than the acceptance of a place. Failure to do so is a breach of School policy, which could lead to place being allocated to another applicant. More importantly it could leave the school unprepared for a future medical emergency, which could affect the health and safety and welfare of your child. *Ref. Medical policy.* School expressly deny liability in such cases for any failure on its part to provide medical aid

Photography

This school has a practice since its inception to photograph each child in its class, annually and individually for, sporting academic or other achievements, school and family records. Unless parents request otherwise in writing at the beginning of the school year, this practice will continue. This list is not exhaustive.

CCTV

Due to the large numbers in our school and the limited number of staff available for supervision purposes it is essential for the safe running of the school to have closed circuit tv cameras in operation

Due also to the proximity of the main road and easy access of non school related persons it is also necessary to protect the health and safety of the school community for these cameras to be in operation, they are also a huge assistance in the deterring and detection of bullying and the prevention of vandalism. The cctv footage will only be used for these purposes and will

only be retained for as long as is necessary for the incidences to be processed. No unauthorised persons will have access to the video, and rooms containing monitors will not be viewable by the general school population.

FOR MORE SEE ALSO CODE OF BEHAVIOUR.

Extra Curricular Activities

The School provide an extensive range of extra-curricular activities
